

IGOR & ELINA IN LVIV, UKRAINE

Fall 2017
Update

We trust you had a good Christmas!

This is an update on September-December season. Our family is doing fine, except for Sophia's arthritis. Please continue praying for a miracle of healing for her!

Among major ministry events are:

Mission trips to Carpathian Mountains, Campus Outreach, and High School Outreach.

Mission trips to Carpathian Mountains

We made three trips to Carpathians in the past three months. Our goal was to bring some practical help to the most needy families and to create encounters with Jesus for the people we meet through sharing the Gospel and praying for their needs.

This is Anna. She has a very tragic story. She has been paralyzed for the past 9 years after a car accident. She used to be one of the happiest and energetic children. When Nadya and Borys used to come to

her village to do a Bible Study and give some help, she would run from a house to house to call people for a meeting. Because of the help of some of you, we were able to order a custom made wheel chair for Anna. But I have a feeling she will walk again. Please remember Anna in your prayers. Anything is possible with God!

Campus Outreach

With a help of Ten Days wonderful team, we targeted the Printing Academy in L'viv. The outreach involved street Evangelism and intensive five day English Club with the countless Gospel conversations. As the result, we started a weekly English club at the church venue, and several students started the discipleship process.

High School Outreach

It was one of my favorite outreaches. Through partnering with JV, we were able to get into schools where no sharing the Gospel is officially allowed. Some of our youth did not know about

the restriction and shared the Gospel with the dozens of high schoolers right at the school. After the school we invited them on our territory where we could freely talk

about spiritual matters. I was amazed at our youth's maturity and hard work!
