

November 2021 Update

Before I begin our update, I want to brag a bit about my mom, Marie Moore, and I might have never pursued missions or even God without her influence in my life. Our family was able to come together for my mom's 80th birthday last week, where we drove through the North Carolina mountains to enjoy God's artistry upon the changing leaves of autumn. We even went hiking!

My mom lost her dear husband, George, a day after her birthday last year, and within a week, we lost my sister Tammie who she and George had taken care of for years as Tammie struggled with severe complications from diabetes. I venture to say that suffering or hardship has in some way touched your friends and family as well.

But in the wake of loss, my mom continues to direct her church's women's missionary group, and they recently featured of all places, the Czech Republic. That's right, the same place where we plan to move and continue a church plant in 2022. Next week, I will travel to Europe to teach at an evangelism summit in Ghent, Belgium, and then continue to Prague to train the team, plan for our move, and officiate a baptism for six people.

The Czech Republic is the most post-Christian nation in Europe, and in some sense, almost pre-Christian. The reasons for this are historical and spiritual, and Myra is researching ways to understand and reverse this with public witness through her Ph.D. studies and collaboration with Czech theologians and pastors.

Christendom in Europe has often been combined with national ambitions to leave a scorched earth upon which we must cultivate a new field of evangelism. We are not naive in this endeavor, and much preparation lies ahead for sustainable work that has already begun.

I appreciate your prayers for my upcoming trip and our partnership development that will allow us to launch from a position of strength. Thank you for standing with us, and God bless!
