

# July Update

JULY MINISTRY NEWSLETTER

Zach Hallow

Thank you for continuing to invest into the future of our world. Your commitment to see young people come to know Jesus and what He has called them to do in the world is significant!

- This month, I have been spending a lot of time sharing the vision God has birthed: reaching young people where they are at, discipling them through their gifts and passions, all so they can know Jesus and do He has called the to do! Sharing testimonies of how God has done this has encouraged me and so many of you!

- I also was able to visit with the students at building hope and support them as they finish their summer camp!

The students at building hope invited me to come to Frankies fun park with them! We had a blast and I destroyed them in go-cart racing!

Building Hope students had their award ceremony at the annual summer camp. I love being apart of their lives and watching them grow up!

I have been traveling and connecting with ministry partners and preparing for the upcoming school year and YWAM!

# FAMILY

I had the honor and privilege of officiating my brother's wedding! His wife Cara is perfect for him. It was one of the most special days I've been apart of. Here's a funny picture of me and some of my family!

One of my best friends (Basel) since elementary school got married! This is the aftermath of hours of dancing.

## **LIFE UPDATES AND PRAYER REQUESTS**

- I just completed a week long, spiritual formation intensive that focuses on inner healing. Please pray that there is lasting change in me as I continue to be a follower of Christ and minister!
