

August Update

AUGUST MINISTRY NEWSLETTER

Zach Hallow

Thank you for continuing to invest into the future of our world. Your commitment to see young people come to know Jesus and what He has called them to do in the world is significant!

- I want to highlight a student named Ji. We met 2 years ago at building hope and we have built a connection where he trusts me enough to share what's going on in life and for me to be able to share Jesus with him. Ji is super interested in music production I've been teaching him what I know while sharing my life with him. Pray that Ji begins to revolve his life and heart around Jesus and knows Him as a friend.

Youth group is back and we are committed to creating an environment where young people feel safe as a follower of Jesus and also as someone exploring their faith!

Catching up with Addison at youth band practice after summer break. This month we are learning LION by elevation Worship!

We are back at building hope and the students are getting to know each other, the staff, and volunteers. My dad has joined the staff and working with him and been a joy!

LIFE UPDATES AND PRAYER REQUESTS

- I have one month of ministry and preparation left in Greenville before I leave for Hawaii! Pray that I will be present, while still making the necessary preparations before leaving.
